

BOMBARDIER GLOBAL 6000

Luxury and comfort in every detail

[alliancejet.com](http://alliancejet.com)

**THE ULTRA LONG-RANGE BUSINESS JET**, an aircraft with outstanding capabilities, offering a truly exceptional in-flight experience. We can fly up to thirteen passengers, thirteen hours at high speed, non-stop, to anywhere in the world. The Global 6000 provides an exclusive, luxurious and comfortable environment, fully equipped for business needs providing more relaxation and entertainment amenities than any other large business jet.

**PEACEFUL RIDE**

The advanced wing design provides you with a most restful flight and a smooth ride.

**WIDEST CABIN**

At 2.5m the aircraft has the widest cabin in its class, with more room than its nearest competitor, delivering optimum comfort and an exceptional cabin experience.

**FASTEST INTERNET CONNECTIVITY**

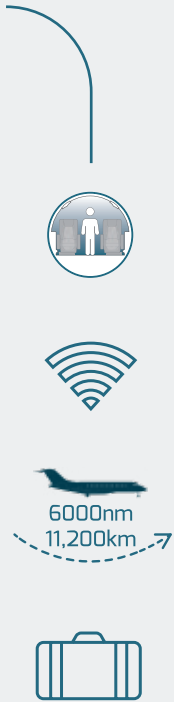

Available high speed WiFi ensures you are online and connected at all times.

**GOING THE DISTANCE**

A record setting aircraft for greatest reach, capable of flying from Los Angeles to London non stop - the 6000 offers the best combination of speed, range, field performance and ride quality.

**SAFE AND CONVENIENT ACCESS TO BAGGAGE**

Whatever you need, when you need it; safely retrieve your personal items from the easily accessed luggage hold throughout the flight.
