

Your higher standard of service

LUXURY AND COMFORT IN EVERY DETAIL

Company Overview

Alliance Aviation Group is a private jet operator, charterer, and ground handling company with strong global partnerships.

Who are Alliance Jet?

AllianceJet is a part of the Alliance Aviation Group, an approved AOC MT-11 and ground handler with a home base in Ireland.

Since 2008 we've built an enviable reputation evolving our operations from a licensed ground handler to an approved AOC.

We have assets and a physical presence in Ireland, Malta and the Middle East.

Creating Partners

Charter Bookings

Alliance JET operates secure round-the-clock global charter services delivering bespoke travel solutions for our clients worldwide.

- Alliance Flight Support operate a **24/ 7 global charter service** for our clients worldwide
- Alliance Jet operate **secure round-the-clock global charter services**, delivering bespoke luxury travel solutions. As a worldwide AOC we can mobilise typically within 3 hours notice without the need for any owner permission
- Our aircraft offer outstanding capabilities and our luxurious cabin are fully equipped for all your business and relaxation needs
- **Our personnel are exceptional** – from pilots and cabin crew to ground staff, all are highly experienced and dedicated to delivering best practice airline services

Our FBO Platform

Discover the ease of our
online FBO Bookings

Alliance Flight Support have developed a platform called FBO online – a **streamlined web based operating system** enabling crew to book into any partnered location with ease.

In addition FBO Online allows the FBO location to accept inward bookings instantly, freeing the crew to concentrate on their pre flight routines.

Trip Support

Alliance Trip Support has developed strong client relationships throughout the Middle East and USA region.

Alliance Trip Support division offers a range of services for our clients in regions such as the Middle East in particular **The Kingdom of Saudi Arabia (KSA), Dubai (UAE) and USA (United States)**. These are regions where we have very strong partnerships with local ground handling service providers.

- Coordination of ground services in ME (our personnel on the ramp).
- Flight planning and coordination.
- Crew HOTAC and transport.
- Transport services with secured vehicles and trained drivers.
- Fuel arrangements in non DLA locations.

Military & Defence

US Alliance facilitates 24/7 ground operations for long term clients the US Airforce, Department of Defence and the United States Navy.

- **For over 10 years US Alliance has been the preferred ground handling agency at ONE for all US government agencies.** As an NCAGE certified vendor – at US Alliance we co-ordinate DLA and contract Fuel (JET A1) to the US Government/US Military and associated agencies using the US Gov Air Card. We also provide trip support, maintenance, hangar service and most notably – US Customs pre clearance.
- **We offer a range of tailored services** to the US personnel going above and beyond to deliver the best, most secure service to their missions.
- With a full **ground operation service 24/7** also in Shannon Airport, without slot restrictions or noise abatements, **we can handle missions around the clock with relatively short notice.**
